Subject: negative review hair transplant

Please see below. We need to find a way to reach out and fix. No more facial hair consults for nurses, only for me. Nurses can do scalp hair transplant consults.

5/4/2019 I went in for a facial hair transplant like they advertise on their website. After sitting an hour waiting for my consultation, a lady brings me into a room and we have a 5 minute talk. She said the MINIMUM Dr. sajan charges is \$50,000 for any type of facial hair transplant. She said he will only do a minimum of 2,500 grafts per sitting (which i don't think even think is possible) nor do i need 2,500. They charge \$20 per graft which is more than double their nor for hair. She didn't even show me anyone's before and after pics. Let's be honest, if you don't do beard transplants then don't offer it and waste people's time.
